

MoV® Foundation - accredited training with exam

Purpose of the training

Management of Value (**MoV®**) Foundation

Course is intended for people who work in **project environment** (including Project Office) and all the people who would like to deepen their knowledge about projects with specific, solid tools and techniques from the area of expanding and controlling **project benefits**.

Benefits of completing the training

- Becoming familiar with main processes and techniques used in **Management of Value**.
- Understanding how Management of Value may be applied in **portfolio, programme, project** and at operational levels.
- Understanding how to response to external and internal influences of project environment.
- Management of **Value** will help to increase competitiveness, productivity and profitability:
 - by maximizing return on investment,
 - by providing optimal use of resources,
 - by providing Clients with proper value for money,
 - by improving production and service providing,
 - by eliminating non-profitable practices.
- Obtaining international life-time MoV® Foundation certificate.

Examination method

The participants receive vouchers, which are valid for 6 months, for online exam.

Having completed the training, the participant receives an e-mail with guidelines how to register on the

exam. The date is determined directly with PeopleCert, with the use of participant's account. Online exam is conducted in the presence of proctor – a person from PeopleCert, who connects remotely with training participant's desktop and observes the course of exam via Internet camera. The person who takes the exam is obliged to show the place where he is going to write the exam to proctor via Internet camera. Proctor checks if there are not any other persons and study aids in the room.
